Directions

Greens Pool Retreat can be reached by **turning off the South Coast Highway onto William Bay Road.**

The turnoff is 50 kilometres east of Walpole and 14 kilometres west of Denmark, and is well signposted. The track into the retreat is **1.3 kilometres on the right down William Bay Road**, past the William Bay National Park ranger's house. It is the last track before the road arrives at the Greens Pool carpark.

The track into the retreat is about two kilometres long.

It is about a 700 metre walk from the retreat to the beach.

The map below is simplified and only very approximately to scale.
